

LEAF STAMPING & RUBBING

Leaf Rubbing Tools

- ❖ White Paper
- ❖ Crayons or Colored Pencils
- ❖ Leaves (Real or Fake)

Step 1:

Go outside and collect some leaves - any color, size and shape! You can also use fake leaves if you have one inside your house also!

Take one piece of paper and arrange your leaves onto it. you can either do one leaf per paper, a few leaves on one page, or all the leaves you collected.

When you're done setting up your art piece, put a piece of white paper on top of the leaves.

Step 2:

Using crayons, push down hard and color firmly on the paper, moving back and forth.

You will begin to see the veins of the leaf and the leaf pattern trace onto the top paper.

You can make the leaves one color or all different colors!

Let's see your masterpiece! 😊

Leaf Stamping Tools

❖ White Paper

❖ Leaves (Real or Fake)

❖ Paint

❖ Paintbrushes

❖ Smocks

Step 1:

Go outside and collect some leaves - any color, size and shape! You can also use fake leaves if you have one inside your house also!

Pour different color paints into small bowls and give each color a different paintbrush. Make sure to wear a smock!

Figure out if you want one leaf or 3 leaves or all of your leaves on the same paper, or on different papers. It's all up to you!

Step 2:

Picking up one leaf at a time, paint the leaf whatever color you want it to be.

Once the leaf is full of paint, stamp it paint side down onto the piece of paper (or papers) in whatever pattern you want.

Keep doing this until you've stamped all of your papers with your different colored, shaped and sized leaves.

Let's see your masterpiece! 😊
